Start date- 29 July	End date -
----------------------------	-------------------

QC Schedule

Competency Audits	Date
--------------------------	-------------

Python: Included additional topics - NumPy, seaborn, pandas, and FastAPI.	08-08-2024 (2:00-4:00)
---	------------------------

Machine Learning Foundations	14-08-2024 (2:00-4:00)
------------------------------	------------------------

Machine Learning (TensorFlow, Neural Networks)	04-09-2024 (2:00-4:00)
--	------------------------

Azure AI Associate certification	12-09-2024 (2:00-4:00)
----------------------------------	------------------------

Gen AI Fundamentals: (LLM Introduction, Prompt Engineering, and LangChain Overview.)	20-09-2024 (2:00-4:00)
--	------------------------

Cumulative	23-09-2024 (2:00-4:00)
------------	------------------------

Coding Challenges

week 2 - Python level 1	05-08-2024
-------------------------	------------

week 3 - Python level 2	12-08-2024
-------------------------	------------

week 4 - Python level 3	19-08-2024
-------------------------	------------

Competency Exams

Competencies	Date
---------------------	-------------

Python: Included additional topics - NumPy, seaborn, pandas, and FastAPI.	08-08-2024
---	------------

Machine Learning Foundations	14-08-2024
------------------------------	------------

Machine Learning (TensorFlow, Neural Networks) - Weekly Quizzes (week 3 - week 5)	8/16/2024, 8/23/2024, 8/30/2024
--	---------------------------------

Azure AI Associate certification	12-09-2024
----------------------------------	------------

P0- aug 14- Week 3

P1 – Sept 4 – Week 6

P2: Sept 25- Week 9
